

2000 Anchorage Parks Tour

It was another sunny and very warm Parks Tour, which made it tough for many of us who used to cool Alaska running. Returning Tour champ Kimball Forrest blew away the solo and realy teams by getting close to 70% of the possible points. That aside, competition was quite close. Note that only 880 points encompass the next 8 places. Leg 1 was held in the southeastern portion of the Far North Bicentennial Map, basically from Service High to Hilltop Ski Area and south of Campbell Creek. Leg 2 utilized the remainder of FNBP. Leg 3 was on APU/UAA and Leg 4 was in Russian Jack Spring Park. The meet went off quite smoothly and a good time was had by all.

Thanks to meet director Steve Gruhn and all the people who helped him put on this meet, and to all who came out and participated.

Thanks to the corporate sponsors for this event: Cook Inlet Book Company, The Maps Place, The Sports Shop, and Williwaw Publishing
