

Arctic Orienteering Club meet results
Jill & Kathy's O at Far North Bicentennial Park
7/25/01 with start at mile 1 of Campbell Airstrip Rd

This meet was not only memorable for the nicely set technical courses through interesting terrain, but for the bear(s) fishing near Campbell creek that kept everyone on their toes. Several people saw a bear and warned others away from that area. In another area runners reported seeing salmon on the creek bank.
