

Jeff's Mountain-O, 7/13/02

Thirty-eight runners and hikers competed Saturday on three courses in the Arctic Orienteering Club's mountain orienteering in Chugach State Park. The courses started and finished 3.5 miles east of the Glenn Alps Parking area. Some low clouds and fog early on threatened to make navigation more challenging but lifted enough during the day to be of little significance. The few clouds that remained and the light to moderate breeze helped keep things from getting too warm.
