

Nature - O

July 16, 2008

Alaska Pacific University

Rain didn't stop orienteers from Dela and Giselle's Nature-O, held at APU on 7-16-08, although the long course competitors were foiled by a wascally wabbit. Participants were asked a nature question at each station, and for every correct answer, one minute was subtracted from their overall time.

Special thanks for Eagle River Nature Center for use of laminating machine, and Campfire day camp at APU for use of tent.
